

# Regenerative Futures Vision Canvas

Project

Date

**Vision Headline:** What is your “North Star” in one sentence?

**Core Values:** What values or principles define this future? (e.g., reciprocity, care, equity, resilience)

**Key Relationships and Stakeholders:** Who are the essential partners in co-creating this future? (e.g., local communities, policy-makers, indigenous leaders, youth)

**Desired Impacts:** What changes will this future create for people, place, and planet (list 3-5 specific long-term impacts)

**Human Experience and Belonging:** What does daily life feel like in this future? (e.g., connection, trust, beauty, safety, shared purpose)

**Guiding Story or Metaphor:** What image, story, or metaphor captures the spirit of this vision? (e.g., a mycelial web, a braided river, a thriving forest garden)

**Barriers to Overcome:** What systemic challenges or dominant mindsets must be transformed? (e.g., short-termism, extractive finance, siloed governance)

**Living Systems Restored:**  
What ecological systems will be regenerated? (e.g., watershed, soils, biodiversity, air quality)

**First Signals of Success:** What small signs will show you’re moving in the right direction? (e.g., new governance model, community energy do-op, restored wetland, rising local trust)
